15:41:37 From Ms. Black : Nice. I've been there for about ten years

15:42:22 From Joan Cartmill St. George Academy : One of my biggest questions is if there is a maximum request amount per grant

15:42:39 From Trent Mikesell : When will we know if we will get the grant?

15:43:18 From richard ochoa : Could the Grant be used to facilitate payment for building use?

15:47:07 From John Arthur : Can money be used for stipends? For example, compensating teachers for time spent facilitating/mentoring students in student government?

15:50:31 From Priscilla Deaver : Some of the ideas given include guest speakers like the mayor, city council, etc. Would we need to pay for guest speakers? Would this money cover field trips?

15:51:12 From Priscilla Deaver : If we were to try to implement one of the We the People programs, what costs should we anticipate?

16:01:31 From Michael Hale : I know for we the people they do .25¢ per mile reimbursement when you attend their conference.

16:02:23 From Joan Cartmill St. George Academy : \$.25 seems low. 10 years ago it was \$.55/mi

16:03:21 From richard ochoa : Big Question: If I pay for a guest speaker from say one of Utah's Law Schools, will I have to pay for it first and then receive payment from the Grant later. Or could I have a check available for the speaker that day?

16:03:36 From Robert Austin : Rick:

16:04:17 From Robert Austin : Great question and I am not seeing this as a reimbursable grant but I will try to find out more about that

16:05:55 From Joan Cartmill St. George Academy : Use it or lose it grant money? do we return funds that were dispersed for a particular year or does it roll over?

16:11:01 From Natalie Johnson : Can I share an idea that I have?

16:12:43 From Michael Hale : Joan at least for We the People they also do a \$100 stipend, that might be why it seems low.

16:13:31 From Ursula Martinez : My apologies... have another obligation and have to leave. Thank you!

16:13:40 From Robert Austin : Tahnks Urslua

16:13:47 From Joan Cartmill St. George Academy : Stipends for what Michael? Indirect costs are just a general amount that is in a grant for costs that the school/organization incurs with a grant
